MINING NOTES.

Mt. Sterling, Ky., Nov. 27.—W. R. Bliss, of New York, has taken an option on 12,000 acres of mineral lands in Pike county, and will organize a company to develop same. They will open a number of new mines and several coke ovens. Mr. Bliss states that New York and Eastern capitalists will spend a million dollars developing lands in Pike, Johnson and Floyd counties within the next twelve months.

Foreman Thos. Longstaff, of the Shamrock mine, at Providence, spent Sunday with his family in this city.

Joseph Oliver died at his home in Henderson, Ky., Wednesday, Nov. 15th, after an illness of several months with malignant cancer of the face. The deceased was formerly an employe in the mines at this place. He was foreman of the Henderson Manufacturing and Mining Company's mine for several years. He was 55 years of age at the time of his death.

Official announcement has been made by Eugene Zimmerman, president of the Detroit, Toledo and Ironton railroad, that his road would construct a line 125 miles in length within the next 18 months from Ohio to the Eastern Kentucky coal field. It said that \$30,000,000 will be involved in the project. Mr. Zimmerman and his associates own acres of coal land in that section of the state and if the proposed railroad is constructed it will develop a territory rich in natural resources. Hundreds of men will be given employment when this field is developed.

Henry Magenheimer, of Graham, is visiting his parents, Mr. and Mrs. Jacob Magenheimer, of this city.

Henry Jones has accepted a position as night watchman at the Hecla mine.

Another record made by a machine runner. This time in the St. Charles mine, where Dink Shad Owen cut five rooms in three-quarters of a day. The St. Charles mine also boasts of having loaded 32 cars on the 27th instant, containing 1117 tons, the total output for that day amounting to 1150 tons including engine and furnace coal.

Roy Browning was the victim of an accident at the coke ovens Thursday afternoon from which he fortunately escaped serious injury. He was caught between a slack car and one of the supports of the washer and crushed through the hips. He is able to be out on crutches and will be off duty several weeks.

The fan house at the Hecla mine was destroyed by fire Friday night. The origin of the fire is unknown.

The Providence accommodation made a trip to this place Sunday with coal from the mines on the branch. These shipments from the mines are getting very heavy of late.

Electrician Nin Gordon was in Hopkinsville several days this week on business.

Jas. Kelly, a driver in Hecla mine, was on the sick list a few days this week.

The condition of Chas. Miles, who has been ill so long, shows slight improvement.

Tine Ashby, of Arnold mine, has been suffering from a severe attack of rheumatism for several weeks.

This is a new offering to local theatre goers—but rest assured, it will positively be one of the "theatrical treats" of your entire show going year.

104 CHRISTMAS PRESENTS for \$1.25.

Good for every farmer.
 Good for every farmer's wife.
 Good for every farmer's son.
 Good for every farmer's daughter

2 Christmas Presents Every Week in 1906.

A Thoroughly practical, helpful, useful, entertaining Christmas gift to any member of the farmers' family will be a subscription for the year 1906 for THE BEE, Earlinton, Ky., your favorite home weekly newspaper, and a subscription for the year 1906 for THE NEW YORK TRIBUNE FARMER, a twenty-page high-class illustrated agricultural family weekly, thoroughly up to date in everything which advances the interests of the whole household.

The two papers coming regularly every week in 1906 will be a constant reminder of the giver and a Christmas gift of the most substantial character continuously throughout the year.

A special contract enables us to furnish both of these papers for the entire year 1906 for \$1.25, but if subscribed for separately the regular price is \$2.25.

Send all orders to THE BEE, Earlinton, Ky.

Your name and address on a postal to Geo. W. Best, Tribune Farmer Office, New York City, will bring you a free sample copy.

FOR HOMESEEKERS.

Cheapest rates yet—less than one-way fare for the round trip to points in the Southwest. Go via Memphis or Cairo, and Cotton Belt Route. Dates of Cheap rates Oct. 3 and 17, Nov. 7 and 21, Dec. 5 and 19. Finest time to visit the Southwest—see the crops and locate a home.

HAD PASSED CENTURY MARK

Henry Michaels, Aged 101 Years, an Eastern Illinois Pioneer, Found Dead at Mattoon.

Mattoon, Ill., Nov. 25.—Henry Michaels, 101 years old, a pioneer resident and the oldest man in eastern Illinois, was found dead in bed here.

He was born in South Carolina and came to Illinois in 1820. He was the first plainsman and settler to make trips between Springfield, Ill., and Portage, Wis., when Indians still roamed the prairies.

Comments From Secretary Wilson.

Washington, Nov. 23.—Commenting on the discovery and stoppage of the leaks in the statistical branch of the department of agriculture, Secretary Wilson says it has been done vigorously, but he sees no evidence of disciplinary or preventive action at the traders' end of the line.

THE NORTHWEST SWEEP BY STORM

Havoc Created By One of the Worst Storms of Recent Years.

MANY DISASTERS ON LAKES

Lake Superior, Lake Huron and Lake Michigan swept by Regular Hurricanes, Reaching Over Sixty Miles an Hour.

Duluth, Minn., Nov. 29.—In one of the most terrific gales in the history of the great lakes, even surpassing in fury the terrible storm of last September, in which so many men lost their lives in the vicinity of the Apostle Islands, three big steamers were driven ashore within sight of the lighthouse at the Duluth entrance to the local harbor, and several members of the crew of one of the boats, the Mataafa, are believed to have perished.

The Three Wrecks.

The wrecks are the Crescent City and the Mataafa, of the Pittsburgh Steamship Co., and the R. W. England, owned by the England Transportation Co. of Cleveland. As soon as interrupted telegraphic communication with other lake ports is resumed, it is expected that further reports of wrecks will be received. For 13 consecutive hours, between 11 o'clock Monday night and 12 o'clock Tuesday, the velocity of the wind averaged 60 miles an hour, and at times blew at the rate of 70 miles an hour. The Mataafa is being slowly pounded to pieces. The crew of the Crescent City escaped, but the boat is a total wreck. Capt. R. W. England is the only man who left the England. The vessel is lying on the sand and is in no danger of going to pieces. The captain was taken off by the life-saving crew with the help of the breeches buoy.

May Be a Total Wreck.

Unless the wind abates before morning the Mataafa will be a total loss. The Mataafa's accident was the most unfortunate of the three. She struck the north pier of the harbor entrance while making her way into the harbor and was unable to get through the canal. She swung around and ran aground just north of the pier where the waves are sweeping completely over her.

ON LAKE MICHIGAN.

Conditions On the West Shore the Worst Seen in Fifteen Years.

Milwaukee, Nov. 29.—The fiercest wind storm in many years has prevailed on the great lakes, causing much damage to shipping and other property. Lake Michigan, on this shore, was a mass of foam, while the water was driven high on the beach and against the clay banks south and north of Milwaukee. On Lake Michigan the wind reached a velocity of 46 miles an hour.

The government lighthouse and fog signal building at the end of the Milwaukee breakwater pier was battered by the high seas, and the assistant keeper, William Foster, was rescued with difficulty by the life-savers. The entire east wall of the fog signal building was smashed in by the waves, which, according to Foster, were the worst he had ever seen in his 15 years' experience on the lakes.

The big steamer Appomattox, coal laden, which went ashore seven miles north of this city several weeks ago and was later abandoned, was battered to pieces.

Wreckage strewn the shore of the lake from Lake Park to Whitefish bay.

THE WIND HAS FALLEN.

The force of the storm spent and the situation improved.

Detroit, Mich., Nov. 29.—Lake Superior, from Duluth to the Soo, the upper peninsula of Michigan, upper ends of Lakes Huron and Michigan and the northern counties of lower Michigan have been swept by a terrific wind and snow storm and a number of shipping accidents have been reported. The blizzard raged with a velocity of from 40 to 60 miles an hour, and all the harbors from Port Huron, north on Lake Huron, and from Sault Ste Marie, north on Lake Superior, are filled with vessels which have run in for shelter. Sault Ste Marie reports that the wind has fallen to 12 miles an hour, and although the barometer has fallen, the weather situation is regarded as greatly improved. All boats on the lower end of Lake Superior are supposed to have weathered the storm in safety. Scores of craft are tied up in the St. Mary's river and in the vicinity of Whitefish Point, waiting for clearer weather.

PROBABLY ALL LOST.

The Mataafa Broken in Two and the Crew Have Probably Perished.

Milwaukee, Nov. 29.—A Sentinel special from Superior, Wis., says: "Life savers have been unable to get the crew off the wrecked steamer Mataafa. The boat has broken in two, but the decks are still out of water. It is thought that 26 men have frozen to death, as there is no sign of life on board."

Nineteen Vessels Lost.

Chicago, Nov. 29.—Reports received up to midnight show that 19 vessels were wrecked in the storm which swept over the great lakes Monday night and Tuesday. One life is known to have been lost, and it is feared eight others have perished as a result of the storm. Six vessels are reported missing.

The High Art Store
 Order Your Holiday Presents By Mail
 Take advantage of the facilities Uncle Sam offers you—our holiday mail order business is always large and satisfactory. If you contemplate a present for a man or boy, something useful of course, say a Suit, Overcoat, Raincoat, Trousers, Fancy Vest, Hat, Cap, Shoes, Slippers, Smoking Jacket, House Coat, Lounging Robe, Bath Robe, Neckwear, Mufflers of any kind, Handkerchiefs, Hosiery, Dress or Fancy Shirts, Underwear, Suspenders, Collars or Cuffs, Umbrella, Cuff Buttons, Stick Pin or Gloves. Drop us a line, we can help you; tell us what you want and the price you want to pay, then leave the rest to us. If on receipt of what you order, it should not be satisfactory, remember it is still ours and not yours, when you are pleased we are satisfied. Order something from what is mentioned—order today.

COLORED COLUMN

EDITED BY J. R. ROBINSON.

Rev. E. M. Smith preached the Thanksgiving service at 11 o'clock, a. m., after which he boarded the train at 4:10 p. m., Thursday, as a delegate to Memphis and to visit his mother.

Miss Ida Fort visited friends in Guthrie, Ky., last week.

W. H. Tandy made a business trip to Madisonville on the 24th.

Mrs. Hays Sebree is visiting the bedside of her sick sister at Pembroke, Ky.

Charley Willis made a business trip to Evansville, Ind., Saturday.

Miss Dealle Bailey, who makes regular visits to the hospital to be treated by the doctor, is slowly improving and has now moved on No. 9 hill to keep house for her brother, Scott Morton.

Mrs. Cora Parish, formerly of this place but now of Paducah, Ky., was the guest of Mrs. Sarah Clements last week.

Mrs. L. C. Harden, who has been so very sick, is much better and still improving and has now moved to T. W. Shelton's.

We are much in sympathy in regard to the remarks made on last Sunday to the congregation at the 11 o'clock service by our beloved pastor, Rev. H. A. Keeton and also as a witness to the fact, by Sister J. E. Bailey. Therefore we, as a friend to you, wish to warn you of these things if you will accept it. It seems to me that our boys and young men should find some other place to run, play and scuffle; aside from on the streets, around and in the Company store, the pavements are for people to walk upon, and should you, while running and playing, run over somebody, it might cause trouble, and you know it is not wanted in the store, for that is a place of business, and not for loafing and playing. But the worst of all is our females loafing and hanging around the Company store all day and until closing time at night and not buying a single thing, but only in the way of those who are buying. Now we advise you mothers to keep your girls off of the streets at night and stop them from standing around in the way at the Company store, and if you are compelled to send them on business, have them to go and come without a delay. It will be for your and their good in time to come. A hint to the wise should be sufficient.

Rev. J. E. Bailey is engaged in a Sunday school work at Barnsley and is doing a grand and noble work for the Lord. We pray his success in the work.

Dr. Davis, of Georgia, lectured to

a congregation of men and boys at the Mt. Zion Baptist church on Tuesday night, Nov. 21, subject "Samson and Delilah. You who failed to hear him treated yourself wrong for so doing, for indeed it was grand.

Rev. H. A. Keeton preached a Thanksgiving sermon at 11 o'clock, a. m. to a lovely congregation at the Mt. Zion Baptist church Thursday. Text, Eph. 4:20.

Mr. and Mrs. Collins and Mr. and Mrs. I. H. Edmondson visited Madisonville Sunday afternoon.

Hersebel Sutton left Sunday for parts unknown.

We are glad to note that Rev. H. Amos is improving.

There will be a drawing at the Mt. Zion church Thursday night for the interest of the Christmas entertainment that will be given Xmas. The ladies will draw their company for the occasion. Said drawing will be conducted by Frank Edmonds. The party whom the lady draws is expected to place a Christmas present in stow for her whether he goes with her or not.

Buck Brown, who got his hand hurt by running into a car in No. 9 mine last week, is getting along very well.

Jesse Moore is improving slowly.

Mrs. Lena Johnson is yet improving.

You girls had better stay away from those "drags". A boy came near beating a girl's brains out there the other night. You keep on dragging around there until you come up with your brains dragged out.

SICK: Mrs. W. M. Johnson, Mrs. L. C. Harden, Miss Wm. Jones, Rev. H. Amos, Mrs. Bogus, Jesse X. Moore, Miss Dealy Bailey and Mrs. F. Edmonds.

G. B. Burhans Testifies After 4 Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Sold by Jno. X. Taylor.

A machine has been invented for manufacturing cotton automobile tires. The tires are woven something like lampwicks, only they are heavier and of coarser texture. They are said to resist a pressure of 6,000 pounds to the square inch.
